DETAILED ACTION***Response to Amendment***

The reply filed on 9/06/2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The reply did not include the requirement for the substitute specification to have a marked-up copy and clean copy (described below). The substitute specification, filed 1/4/2006, must include a marked up copy showing deletions (by bracketing or strikethrough) and insertions (by underlining) based upon the originally filed specification as well as a clean copy of the specification with the insertions/deletions being already made. Even though translation mistakes were made in the original presentation of the application, it is Applicant's responsibility to present any amended subject matter that corrects the originally filed claims and specification by amending or canceling the originally filed claims and specification.. Applicant is cautioned against the addition of new matter.

In addition, a new oath or declaration is required. This new oath or declaration must state that applicants have reviewed and understand the claims and specification as amended (give specific dates of the amendments).

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
